

Engin 103

Fall '06

Meeting #13: October 12, 2006

Today the teams presented the Project 1, part II, on data modeling using data assigned as posted the course web page.

Suggested items to write in the Engin 103 logbook:

- 1) What are the models you and your team tried, how did you arrived at the final model, and what are the coefficients in the model the best s-parameter.**
- 2) Which team has caught your attention in their presentations for Project 1, explain why.**

Items due next class:

-Project 1 report and webpage. There is no individual reports due for this project.
