Engin 103 Spring '07 Meeting #26: May 3, 2007

Today we did "binary representation": CW#7

Suggested items to write in the Engin 103 logbook:

1) Explain if any fractional number can be represented in a binary system with infinite precision, why?

2) What is the implication of this (your answer to question 1) to the numerical solutions of any scientific equation?
